

Art No. WZ0009

## Multi-Function Crimping Tool

### For 4/4 , 6/6 and 8/8 modular plug

#### Instruction:

1. Cut the modular cable to the desired length.
2. Insert the cable between the stripper blades. Squeeze the handles to pull the tool so that the cable stays perpendicular to it. If done correctly, the outer insulation of the cable will be removed without damaging the insulation of the inner conductors
3. Put the modular plug in correct place and gold contacts of the plug under, and then insert the cable into the plug. Squeeze the handles firmly to set the contacts and secure the cable.

#### Specification:

- Multi-function network and telephone tool for easy on-the-job tool application
- Crimps, cuts and strips for modular plug 8P8C-RJ45, 6P6C-RJ12, 6P4C-RJ11, 4P4C, 4P2C
- Durable, and simple multi use to make telephone terminals quick
- Tool is made of high quality plastic for easy and light operation

#### Packaging Information:

- Packing Dimension: 128x271x27 mm
- Packing Weight: 0.18kg
- Carton Dimension: 420x400x300 mm
- Carton Q'ty: 50pcs
- Carton Weight: 11 kgs
